

### **Machining Capacity**

#### **// CNC Milling, including 5-axes/High Speed**

- up until 3800x1500x1200mm.
- rotary table 1100.

#### **// Deep hole drilling.**

- 1000x1000x500, ø32.

#### **// Circular grinding – CNC**

- up until ø 380 x 1500

#### **// Surface grinding – CNC.**

- up until 1600x900x500

#### **// Lathe - CNC**

- 6 machines
- up until ø520x2000.

#### **// Horizontal Milling Machine**

- 1000x1000x1000.

#### **// Sparkerosion.**

- up until 1000x700x450.

#### **// Wire erosion.**

- up until 1000x600x400 / angle 30°.

#### **// Surface finisher.**

- 790x770x1350

#### **// Injection Moulding Machines.**

- 800T.
- 150T.

#### **// CAD/CAM capacity.**

- 2D / 3D / 5 axes.
- Surface Module/IGES/DXF.
